## Col. Breckinridge's Tribute to Geo. Snyder

Thirty-eight years ago a lad of about sixteen or less applied to be enlisted in the company then commanded by the writer; he was in size and appearance a mere boy; a headless and rather fragile boy. His request was refused; and when repeated was again refused. It was finally granted; and he served from the day of enlistment until the war ended. During part of this period he acted as orderly at headquarters of the colonel; which headquarters was most generally on the march and always in the field—"in the field" literally; for that Colonel had no tents and never found quarters in a house. This boy bore himself on all occasions with simple but dauntless courage; and performed his full share of duty. His extreme youth; the boyish looks which he did not outgrow; his cheerful disposition, and his constant courage made him known to the entire regiment, and of course made the entire regiment his friend.

On yesterday his loved ones—which included his comrades—reverently laid him down in an honored grave to rest until the Captain of his Salvation shall summon him to an eternal life. He was never strong; he suffered much physically; life had many burdens for him; and its necessities demanded constant work. But he was blessed in many ways.

Around his grave stood only grey-headed comrades; he was one of the youngest; and those who survive him have the frosts of many winters on their brows. The ranks are growing thinner. It will not be long until some one not a comrade will have to perform these solemn rites for the last of the soldiers of the "faded banner."

As this lame and fragile man went about his daily labor it would have been difficult for a casual observer to believe that he had been for years a hero—facing death almost innumerable times and performing every possible duty falling to the lot of a cavalry soldier in time of incessant campaigning; and yet this was the simple truth.

We hear much of this being a material age—the age of the "almighty dollar"; the age of low motives and base designs. This is not true; we live and have lived in the heroic age of the world; the noblest age it has ever known; the age of self sacrifice, of lofty daring, of self denying and abundant charity. Blessed is he who has lived in this age and understood its spirit and comprehended its life.—Lexington Herald.

## A Little Girl's Letter.

FILEMORE, LEE CO., KY.,  
March 12, 1900.

I am a little girl, eleven years of age, and I delight very much in going to school, and therefore, I will write you a short composition concerning a school which two of my brothers, Charley and Willie and I attended in the year 1896. Ira Profit was our teacher, and we appreciated him very much, because he took so much interest in our education. We had a nice time at the last day of our school. My brothers taken part in the entertainment—they were candidates for president—Charley was McKinley and Willie was Bryan. They made speeches and recited history; we marched and had music, the drum, the fife and the tamborine; they hauled the pretended president and his cabinet down to Mr. Horton's, back to the school house, down Brush creek a quarter and back to the school house, having music and marching all the time, and us girls made artificial flowers and strewed them on the floor for the pretended president to walk on. We had a large number of scholars in attendance, and it took us two days and part of two nights to get through with our dialogues, speeches, examination, etc., and I do hope and trust that our good teacher, Mr. Profit, will come back and teach us another school. I am now studying six studies, U. S. history, geography, grammar, second part arithmetic, fifth reader and spelling book. So I will not write any more at present, only I ask if I have made any mistakes that you will excuse me as I have never written but few compositions. By request of my teacher, E. C. Kash.

## Death of Captain Roberts.

The many friends of Capt. Roberts in this section, and among those who are just now in young manhood and young womanhood, there are a great many, will regret to read the following, which we clip from the Louisville Post of Thursday last:

"Capt. B. E. Roberts, for many years a prominent business man on Main street, died yesterday at Norton infirmary. He was an ex Confederate soldier and was a member of Morgan's command during the war. He married Miss Maggie Pickens, of Albany, Ky. One son, Shelby S. Roberts, a civil engineer in the employment of the L. & N. railroad, stationed at Nashville, survives him.

"Capt. Roberts had been connected with many of the leading business houses of the city. For many years he traveled for the Carter Dry Goods Company, and enjoyed an extensive acquaintance not only in Louisville, but throughout the south. He was very popular."

## A DAILY MAIL

### For Hazel Green and Other Points.

Do you want a daily mail from Lexington to Hazel Green and Campton? We believe this can be secured. Let the citizens of Hazel Green and Campton, with the postmaster of each place, petition the postoffice department at Washington to make the morning train from Lexington over the L. & E. railroad, and the afternoon train to Lexington mail trains, and change the route from Hazel Green to Campton and Campton to Torrent as follows: Mail carrier leave Torrent each day after the arrival of morning train from Lexington and reach Hazel Green at 4 o'clock in the afternoon, and mail carrier leave Hazel Green each day at 8 p. m. and arrive at Torrent at 2 in the afternoon, in time for the train going to Lexington.

Such a change would be of incalculable benefit and convenience to the people of nearly all of Wolfe county, much of Morgan county and all other points for which Campton and Hazel Green are distributing points.

Petitions will soon be circulated in both Campton and Hazel Green to this effect. Let every citizen be sure to subscribe his name and urge everybody else to do the same. The people want this mail just as soon as possible. Such a change as the above would bring us the Lexington papers the day printed and give us all mails one day earlier. Besides our mails would reach Winchester, Lexington, Louisville and Cincinnati on the day posted.

Perhaps the cities may help us to persuade the department to establish this change, as it would benefit them in matters of business from much of Eastern Kentucky. It would be of especial advantage to the Lexington Morning Herald, and that paper will certainly use its influence to aid us.

### The Herald is Good Enough For Me.

During the excitement due to the testimony of Wharton Golden, the Louisville Post was sold here every evening upon arrival of the Mt. Sterling mail, and the demand was usually about equal to the supply. One evening last week the boy who sells them approached John Robinson and said, "Paper, sir, Louisville Post, all the evidence of Golden in the Goebel murder case—have one, sir." He was talking to John Robinson. "Naw," said John, "I read the blessed old HERALD, that's good enough for me," and the boy did not sell him. Oh, for ten thousand more citizens like John Robinson—men who think THE HERALD good enough and who take and pay for it. With every citizen in Wolfe a subscriber THE HERALD would be so good that there would be no need to get a paper from outside the county. It would publish everything. Can't you induce your neighbor to take it, and thus start a boom for it so that the list may soon be so large as to enable us to publish every thing? You and every subscriber who is now taking the paper can do much good in this direction if you will but try. With a paying list to justify it we promise to make THE HERALD so good that subscribers to it will not have to take any paper but it, and they will have all the news, too.

The topics for services at the Christian church on Sunday are: "Admonitions" at 11 a. m., and "Getting Close to Christ" at 7:30 p. m.

The attendance at each service on Sunday is good, the evening audience being especially large. It is earnestly hoped that more of the members of the church will attend the morning service. We cannot understand how any Christian can absent himself from the Lord's Day service. Have you been absent? What is your reason? Would you give Christ the reason?

THE HERALD of last week made us say the growth of the church is "not spontaneous but revivalistic," when we did say "the growth of the church is neither spontaneous nor revivalistic." Insert these words and the reading will be true. There were three or four "typographical errors" in the same article.

## A Man to Do To Tie To.

Curtis Quicksall, who has for years past been a salesman in the store of H. F. Pieratt, of this place, at intervals, has formed a partnership with Robert Anderson, at the head of the river, and they will open and run a general store a few miles above Lee City. To the people of that section who are unacquainted with Mr. Quicksall, we can say that he is worthy their patronage and esteem, and the longer they know him the better they will like him. The editor of this paper has had a great many business dealings with him, and always found him fair and square and liberal. We congratulate Mr. Anderson in his selection of a partner, and think he is especially fortunate considering the unfortunate fact that he is blind, in having as a partner an absolutely honest man, and as such we can recommend Curt Quicksall. During Mr. Pieratt's illness two years since which covered a part of five months Mr. Quicksall had everything to attend to, buying, selling, paying bills, etc., and his employer will tell any man that he not only conducted his business with absolute honesty, but used every source of economy and at the end of his illness Mr. Pieratt found that his business had prospered phenomenally during his illness. Curt Quicksall, in brief, is one of the few people in these days of chicanery and trickery that it is safe to tie to.

## FOUND A GOLD MINE.

### 'T WAS IN HIS POULTRY YARD.

Man in Iowa Uses a Compound That Makes His Hens Lay Double the Usual Number Summer and Winter. The Secret of His Success.

People in the neighborhood of Creston, Iowa, are amazed at the number of eggs that this man drives to market with. When asked what was the cause of his hens being so prolific, he stated it was all in a certain compound he was using, that kept his hens in good condition and furnished them with the proper stimulus to egg production. American Poultry Mixture is the name of it, and it is made by American Mfg. Co., Terre Haute, Ind. Every man in the poultry business is interested in the health of his hens and their laying capacity. In the eggs lie his profits. This mixture is guaranteed to increase the production of eggs 100 per cent or money refunded. It will do more than three times as much as the same amount of any other compound. It is concentrated in form and the result of years of practical experience in the poultry business. There is absolutely no doubt as to what it will do, and you are invited to try it at the expense of the company. Send \$1.00 for a sample package and if it doesn't do the work you get your money back. This is fair and is made to induce practical poultrymen to give it a trial. It is also a sure preventive of such diseases as the terrible cholera and roup which create such havoc in all parts of the country. It acts directly on the craw and gizzard and is a thoroughly scientific preparation.

The manufacturers guarantee every package or refund purchase money. If your druggist don't sell American Poultry Mixture he's behind the age. In that case order direct from American Manufacturing Co., Terre Haute, Ind.

JUDGE AMOS DAVIS, representing Bettman Bros. & Co., Cincinnati wholesale clothiers, and candidate for congress from this district, was a guest of the Day House one day last week. The Judge thinks the outlook in his race is favorable, and is very much encouraged. It will be seen that he combines business with pleasure, if it be a pleasure to canvass, and he is virtually "killing two birds with one stone" when he is selling cheap clothing and talking congress to his customers.

The latest sensation is an open letter from S. B. Harrel, to Gov. Beckham, in which the latter is charged as being an ingrate because he did not give the former the office of superintendent of the Hopkinsville lunatic asylum. Harrel, it will be remembered, is the man who accepted a bribe from John Whallen, of Louisville, and the fact that he did so, or the scandal caused by the accusation that he did so, was perhaps the reason that Mr Beckham failed to recognize him with the reward he requested.

Two years of McKinleyism in Puerto Rico seem to have caused greater woe than centuries of Spanish tyranny.—[St. Louis Republic.

## "Oh, That Some God The Gift Would Give Us To See Ourselves as Others See Us."

MY DEAR SPENCER:—I have been reading THE HERALD, of Hazel Green, and I lay it down to write this letter to you and congratulate you on the good fight you are making to crown your paper with success. By thunder you have crowned it with success already, for your example of industry and perseverance is a lesson to every boy and girl in Wolfe county that is bound to be worth its weight in gold. You may feel at times that what you are doing is not appreciated because it is of no value, but you are doing more than running THE HAZEL GREEN HERALD, and the good you are doing will live after you.

However, that is not altogether what you are there for, and the good people of Wolfe ought to realize it and give you a helping hand with a dollar in every hand. Every preacher, every teacher, every doctor, every lawyer, every merchant, every workingman, and particularly every farmer should take the paper and read it from start to finish. It is characteristic of the county and the people; it tells what is going on in the county; it brings about an interchange of current information; it takes out to the world what Wolfe county is doing and in that far keeps the people in touch with their fellow beings beyond their county line; it is a letter to friends, a guide post to the possibilities of Wolfe, and a four page display advertisement of what the county has to offer to those who are looking for a good thing. A dollar invested in it is an expression of belief by every person who does it in the excellence of his home—it is faith in Wolfe shown by works. The Bible says, and what the Bible says is a good thing to go by, that a man who will not provide for his family is worse than an infidel, and if keeping a bright newspaper alive in their midst is not providing for their families I'd like to know what it is.

I am not a resident of Wolfe or directly concerned in it, but I read THE HERALD every week and if I were as rich as I am poor I would hand over a thousand dollars to you to make THE HERALD boom in every column. No man is too poor to take and PAY FOR his county paper, until he gets into the poorhouse, and from all I can learn Wolfe county hasn't a great many of that unfortunate kind.

With THE HERALD for its own sake and one of the excellent weeklies or semi-weeklies or tri-weeklies that you combine with it for general news, every family in the county ought to be fully informed on all current matters and at such small outlay as to be not worth considering.

Wishing you the success you deserve for your energy and sticktoativeness, I am, with kindest regards to your better-1, most sincerely,

WILLIAM J. LAMPTON

New York City, March 26th.

UNDER the head of announcements in this issue, will appear the announcement of William B. Bush, who aspires to the office of sheriff of Wolfe county, and seeks the nomination at the hands of the democratic party to which family he has belonged ever since he attained the right of suffrage. Aye, long before he became of age he worked for the interest of the party, and never before nor since that time has he found it too cold or too hot, too wet or too dry to go out day or night, and work for any candidate whom the party managers suggested as in need of such service. Billy Bush is about 24 years of age, a son of John Bush, of the Torrent precinct, but at an early age he was left an orphan and has been the architect of his own fortune. And that he has builded well will be told you by every man, woman and child who has the honor of his acquaintance. He is a Master Mason, an elder in the Christian church, and in all and every respect a good citizen. To know him is to love him, and the magnetism of the man is such that you are soon acquainted with him. His face is the index of integrity and his countenance a manifest of his manhood. Sober, honest, capable, should Billy Bush receive the nomination and be elected to the place he seeks, he will make the county a model officer, and one to whom his constituents can point with pride. He asks the democrats to give his claims due consideration, and believing that they will do so, we for the present leave him in their hands, confident the while in his safety.

Two years ago, Hon. W. A. Young, democrat, was elected to congress from the Norfolk, Va., district by a majority of 2,500. He was deprived of his seat by the republicans and his place given to his opponent. He went back home and two years later his constituents sent him back to congress by a majority of 5,000. He has been again unseated. Kentucky republicans doubtless justify action like this and they oughtn't to make such wry faces when they are required to take a dose of their own medicine.—[Gorgetown Times.

Miss Lula Kash will on Monday and Tuesday next open and display the finest stock of millinery, trimmings, silks for shirt waists, dress goods, and dress trimmings, and gents straw hats, which are extra fine, neck ties, etc. She served an apprenticeship of five or six weeks in two of the largest millinery houses in Louisville, and thoroughly posted herself as to styles and material of all things that will obtain during the season. In short, she has the most magnificent line of millinery goods, trimmings, etc., ever displayed in the mountains, and, having bought for spot cash, can and will under sell anybody. She has the house formerly occupied by Dr. Kash as an office which has been newly papered and refurnished, and she will be delighted to see the ladies of Hazel Green and vicinity, assuring them a welcome at any time, but would be pleased to see them at the opening.

The poet man and a representative of THE HERALD stopped in at Ed. Cecil's last Sunday to get a drink of water, and were invited into the parlor where they heard some beautiful music rendered on the organ by Miss Eda Cecil, and the poet tried his hand, but remarked, "when he sat down before an organ the music didn't sound right and he couldn't think of the pieces he would like to play, but put him before a piano, and it was no trouble for him to play the most difficult pieces."

Born, to the wife of Taylor Johnson, on Sunday morning, a girl. She has not yet been named, and the father has granted the editor of this paper the privilege of naming her, which will be done with our next issue. The privilege was requested because the baby debutant is said to be a little beauty, which fact comes to the credit of her mama, as beauty is not the stock in trade of her papa, Dr. Taulbee officiated.

Swartz, who has been buying and making ties in this county, has just closed a contract to grade a mile and a half of the Ohio and Kentucky railroad, lying on the Judge Hampton farm in Breathitt county. JUDGE AMOS DAVIS, representing Bettman Bros. & Co., Cincinnati wholesale clothiers, and candidate for congress from this district, was a guest of the Day House one day last week. The Judge thinks the outlook in his race is favorable, and is very much encouraged. It will be seen that he combines business with pleasure, if it be a pleasure to canvass, and he is virtually "killing two birds with one stone" when he is selling cheap clothing and talking congress to his customers.

The latest sensation is an open letter from S. B. Harrel, to Gov. Beckham, in which the latter is charged as being an ingrate because he did not give the former the office of superintendent of the Hopkinsville lunatic asylum. Harrel, it will be remembered, is the man who accepted a bribe from John Whallen, of Louisville, and the fact that he did so, or the scandal caused by the accusation that he did so, was perhaps the reason that Mr Beckham failed to recognize him with the reward he requested.

Two years of McKinleyism in Puerto Rico seem to have caused greater woe than centuries of Spanish tyranny.—[St. Louis Republic.

## "Oh, That Some God The Gift Would Give Us To See Ourselves as Others See Us."

MY DEAR SPENCER:—I have been reading THE HERALD, of Hazel Green, and I lay it down to write this letter to you and congratulate you on the good fight you are making to crown your paper with success. By thunder you have crowned it with success already, for your example of industry and perseverance is a lesson to every boy and girl in Wolfe county that is bound to be worth its weight in gold. You may feel at times that what you are doing is not appreciated because it is of no value, but you are doing more than running THE HAZEL GREEN HERALD, and the good you are doing will live after you.

However, that is not altogether what you are there for, and the good people of Wolfe ought to realize it and give you a helping hand with a dollar in every hand. Every preacher, every teacher, every doctor, every lawyer, every merchant, every workman, and particularly every farmer should take the paper and read it from start to finish. It is characteristic of the county and the people; it tells what is going on in the county; it brings about an interchange of current information; it takes out to the world what Wolfe county is doing and in that far keeps the people in touch with their fellow beings beyond their county line; it is a letter to friends, a guide post to the possibilities of Wolfe, and a four page display advertisement of what the county has to offer to those who are looking for a good thing. A dollar invested in it is an expression of belief by every person who does it in the excellence of his home—it is faith in Wolfe shown by works. The Bible says, and what the Bible says is a good thing to go by, that a man who will not provide for his family is worse than an infidel, and if keeping a bright newspaper alive in their midst is not providing for their families I'd like to know what it is.

I am not a resident of Wolfe or directly concerned in it, but I read THE HERALD every week and if I were as rich as I am poor I would hand over a thousand dollars to you to make THE HERALD boom in every column. No man is too poor to take and PAY FOR his county paper, until he gets into the poorhouse, and from all I can learn Wolfe county hasn't a great many of that unfortunate kind.

With THE HERALD for its own sake and one of the excellent weeklies or semi-weeklies or tri-weeklies that you combine with it for general news, every family in the county ought to be fully informed on all current matters and at such small outlay as to be not worth considering.

Wishing you the success you deserve for your energy and sticktoativeness, I am, with kindest regards to your better self, most sincerely,

WILLIAM J. LAMPTON

New York City, March 26th.

UNDER the head of announcements in this issue, will appear the announcement of William B. Bush, who aspires to the office of sheriff of Wolfe county, and seeks the nomination at the hands of the democratic party to which family he has belonged ever since he attained the right of suffrage. Aye, long before he became of age he worked for the interest of the party, and never before nor since that time has he found it too cold or too hot, too wet or too dry to go out day or night, and work for any candidate whom the party managers suggested as in need of such service. Billy Bush is about 24 years of age, a son of John Bush, of the Torrent precinct, but at an early age he was left an orphan and has been the architect of his own fortune. And that he has builded well will be told you by every man, woman and child who has the honor of his acquaintance. He is a Master Mason, an elder in the Christian church, and in all and every respect a good citizen. To know him is to love him, and the magnetism of the man is such that you are soon acquainted with him. His face is the index of integrity and his countenance a manifest of his manhood. Sober, honest, capable, should Billy Bush receive the nomination and be elected to the place he seeks, he will make the county a model officer, and one to whom his constituents can point with pride. He asks the democrats to give his claims due consideration, and believing that they will do so, we for the present leave him in their hands, confident the while in his safety.

Two years ago, Hon. W. A. Young, democrat, was elected to congress from the Norfolk, Va., district by a majority of 2,500. He was deprived of his seat by the republicans and his place given to his opponent. He went back home and two years later his constituents sent him back to congress by a majority of 5,000. He has been again unseated. Kentucky republicans doubtless justify action like this and they oughtn't to make such wry faces when they are required to take a dose of their own medicine.—[Gorgetown Times.

She has not yet been named, and the father has granted the editor of this paper the privilege of naming her, which will be done with our next issue. ## Thousands Have Kidney Trouble and Don't Know It.

### How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

### What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

## COUNTY NEWS NOTES.

To insure insertion all correspondence must be in this office by Monday night of each week, and that nearby on Monday morning.

The sweet melody of the birds, the bleating lambs, the tinkling cow-bells, and the gee-haw of the farmer boy are around us, are welcoming spring, who is slowly but surely opening her dreamy eyes laden with the richest of nature's jewels; the dew drops, to adorn this old mother earth of ours that has been snoozing so long under winter coverings, but let us turn our thoughts to the correspondents to THE HERALD. It seems to me that the most of them are (?) snoozing also. Now please wake up, take up your pens and paper, simmer the news of your neighborhood down to the dew-drops of common sense and drop them in on our editor, who has been so patient with us and so willing to give us one page of his valuable paper, that it may be as full of news as the earth is of buds waiting for a convenient season to burst forth into the beautiful flowers which fill our homes with their fragrance.

Jas. M. Ely has gone to Quicksand and will be absent about 10 days sawing lumber at his steam mill, which is located near the residence of C. W. Minix, and after which time he will move his mill back in this vicinity.

There was some difficulty occurred in this neighborhood a few days since between two neighbors, and for which every one greatly regrets, and supposing that every one has heard the particulars, the writer, through respect to both parties, is silent.

Elder F. P. Wilson preached at this place Sunday last to a good congregation and attended to the ordinance of baptism in the forenoon. He preaches here and on Lacy creek once every month, and has had 27 additions to the church in about one month. Mrs. Wilson is a candidate for assessor of this county, subject to the action of the democratic party, towards which he has always been very zealous, never having scratched his ticket nor never failed to vote. And this being the case the party would do well to give him something as an encouragement, this being his first time in life to ask for office, and having an invalid wife and five small children to support. We think there is none other that is more needy, while we hear of others that are spoken of that are all good men, but none advertised except Mrs. Spencer Cooper, who is also a good man and editor of THE HERALD, and we find he comes in with the plea of an invalid wife, but minus the children. We are sorry that Mrs. Wilson and Cooper are opposing each other, but still it is a free fight.
